

Cat[®] Classic[™] Parts

What are Cat Classic Parts?

Cat[®] Classic[™] Parts are lower-cost, genuine Cat parts offered for older Caterpillar[®] equipment. These parts meet the product specifications of older Cat equipment... meeting or exceeding all critical dimensional/functional requirements. Cat Classic Parts are another repair option to complement original, Cat Reman, dealer exchange, and used parts. Cat Classic Parts are just another way you can help customers make the right repair decisions for their machines—based on equipment age, use, current market value, or other factors.

WHAT ARE THE BENEFITS?

LOWER REPAIR COSTS

Customers often don't want to invest too much to repair older equipment. Cat Classic Parts helps them save money without sacrificing the confidence that comes with the Cat name and dealer service.

ONE-STOP SHOPPING

With Cat Classic Parts plus original, Cat Reman, dealer exchange, and used parts, the Cat dealership offers all the repair solutions a customer needs—no more shopping around.

EXPANDING COVERAGE

Cat Classic Parts currently consists of over 2000 parts for over 78 models and growing—all backed by the standard Caterpillar parts warranty.

Cat® Classic™ Parts—What are Cat Classic Parts?

HOW CAN DEALERS TAKE ADVANTAGE OF CAT CLASSIC™ PARTS?

1. Identify and target the opportunity

DBS customer lists, parts sales trends, used equipment sales, auction results, and PTOS output all provide indications of where to target

2. Train employees and build internal awareness

Parts sales force, parts counter sales, service shop supervisor, dealer shop mechanics, field service mechanics, machine sales consultants, and used parts department must all know how to represent this product repair option

3. Generate customer awareness

Push marketing—sales force coverage, direct mail, and parts invoice stuffers—for customers you know or can easily find

Pull marketing—regional ads, trade ads, and auction presence—for customers you don't know or have lost contact with

4. Track sales performance

What we measure, we manage—monitor your success and make changes to stay on track
