# Advantage

## Smart Pressure Control system (A2 A3)

Latest pressure control system delivers a consistent spray fan at all spraying pressure. And with digital display, you can read and regulate the pressure easily. The microprocessor will generate the fast response when spraying.

## Easy out manifold filter

Easy out manifold filter will reduce the tip clogs. The pump filter could be disassembled by hand easily.

## Quickchange System(S3)

The HVBAN pump is exceptionally durable and easy to install. The professional quick change system allows for the elimination of downtime by replacing the pump on the job.

## Stainless Steel Rack.

Stainless steel Rack makes the machine firm stand.

This is a configuration that is only available in high-end devices and can provide you with a better experience.

Model	A1	A2	A3
Maximum Flow (L/min)	1.9	2.1	2.3
Maximum Working Pressure	20 MPa	21 MPa	23 MPa
Nozzle Size(In.)	0.019	0.021	0.023
Power Source	Brush DC Motor	Brush DC Motor	Brushless DC Motor
Power Type	220V,50-60HZ	220V,50-60HZ	220V/110V,50-60HZ,
Dynamic Power	750W/1HP	900W / 1.2HP	1300W / 1.7HP
G.W. (Kg)	22		
Package Size (cm)	41X50X54		

**EP230 / EP270 / EP310**

## Electric Airless Paint Sprayer

*EP230 EP270 EP310 electric airless sprayers with piston pump are specifically designed for the professional painter, equipped with EzControl system and TEFC Brushless DC motor. Ceramic pump can improve the anti-friction effect and ensure exceptional life. It's the ideal choice for contractors who need a higher output, higher-quality sprayer for daily use on residential jobs.*

- Durable Quality Source
- Brushless DC Motor
- Easy out manifold filter
- Smart Pressure Control system

# Advantage

## Brushless DC Motor

Brushless design means that you will never need to replace brushes which will reduce the maintenance cost.

## Durable Quality Source

The HVBAN pump is exceptionally durable and reliable. Ceramic piston rod and cylinder for EP270 improve the anti-friction.

Germany INA bearing, gear with level 5 grinding, USA leather packing etc. deliver superior reliability and lifetime.

## Easy out manifold filter

Easy out manifold filter will reduce the tip clogs. The pump filter could be disassembled by hand easily.

## Smart Pressure Control system

Latest pressure control system delivers a consistent spray fan at all spraying pressure. And with digital display, you can read and regulate the pressure easily. The microprocessor will generate the fast response when spraying.

Model	EP230	EP270	EP310
Maximum Flow (L/min)	2.3	2.7	3.1
Maximum Working Pressure	23 MPa	23 MPa	23 MPa
Nozzle Size(In.)	0.021	0.025	0.029
Dynamic Power	1300W/1.7HP	1500W/2HP	2200W / 3HP
Power Source	Brushless DC Motor		
Power Type	220V,110V,50-60HZ,		
G.W. (Kg)	24		
Package Size (cm)	41X50X54		

**EP350 / EP350I / EP450I / EP450ITX**

**EP850 / EP850ITX / EP970 / EP970TX**

## Electric Airless Sprayer

*These models is HVBAN airless sprayer equipped with powerful brushless DC motor. It is ideal for spraying large residential and industrial buildings. it supports the working with two guns at the same time.*

- Durable Quality Source
- Smart Control System
- The Modular Structure Design
- Stainless Steel Rack

**Airless Sprayer Leading Manufacturer**

# Advantage

## Smart Control System

Latest pressure control system delivers a consistent spray fan at all spraying pressure. And with digital display, you can read and regulate the pressure easily. The WatchDog Pump Protection System automatically shuts down the pump when paint runs out.

## Durable Quality Source

The HVBAN pump is exceptionally durable and reliable. Germany INA bearing, gear with level 5 grinding, USA leather packings etc deliver superior reliability and life

## Stainless Steel Rack

Stainless Steel Rack is designed for easily hose storing.

## The Modular Structure Design

The modular structure design of motor and gear box makes it easy to repair the Motor, which can reduce the repair cost.

Model	EP350/EP350I	EP450I/EP450ITX	EP850/EP850ITX	EP970/EP970TX
Maximum Flow (L/min)	4	6	7.6	9
Maximum Working Pressure	23 MPa	23 MPa	23 MPa	23 MPa
Nozzle Size(In.)	1 Gun with 0.033" 2 Gun with 0.019"	1 Gun with 0.037" 2 Gun with 0.023"	1 Gun with 0.039" 2 Gun with 0.027"	1 Gun with 0.047"
Dynamic Power	2500W/3.4HP	3000W/4HP	4000W / 5.3HP	4500W / 6HP
Power Source	Brushless DC Motor			
Power Type	220V/110V,50-60HZ,			
G.W. (Kg)	65	65/67	73/75	73/75
Package Size (cm)	72X58X88			

**HB3400 / HB3400II / HB5900**

## Road Marking Machines

*They are professional striping choice for parking lot, small city jobs, seal coating contractors, schools and park and recreation departments with 1-gun or 2-gun performance.*

- Guaranteed Power Source
- Adjustable Gun Bracket
- Front Swivel Wheel
- Durable Quality Source
- Smart Pressure Control
- Handle Bar Design

**Airless Sprayer Leading Manufacturer**

# Advantage

## Handle bars design

High-comfort design for greater control and less operator fatigue.

## Guaranteed Power Source

Famous high quality HONDA engine provide guaranteed power.

## Adjustable gun bracket

Versatile gun bracket can be adjusted according to your working demands.

## Smart pressure control

Digital pressure display provides excellent line quality

## Durable Quality Source

Germany INA bearing, gear with level 5 grinding, USA leather packing etc. deliver superior reliability and lifetime.

## Front swivel wheels

Precise front swivel wheel system provides easier "up to the curb" parking lot striping and hard-to-do curves.

Model	HB3400	HB3400II	HB5900
Maximum Flow (L/min)	2.7	5	5
Maximum Working Pressure	23 MPa	23 MPa	23 MPa
Nozzle Size(In.)	0.027	1 Gun with 0.035" 2 Gun with 0.025"	1 Gun with 0.035" 2 Gun with 0.025"
Power Source	HONDA engine		
Dynamic Power	5.5 HP / 4125W		
G.W. (Kg)	103	103	142
Package Size (cm)	107X68X84	107X68X84	123X82X84

**GP2700 / GP6300 / GP6300TX**

**GP8300 / GP 8300TX**

## Gasoline Airless Paint Sprayer

*They are powerful machine for professional contractors who spray a wide variety of coatings on residential, commercial, and industrial jobs.*

- Guaranteed Power Source
- Easy out manifold filter
- Quickchange System ( GP8300/GP8300TX )
- Durable Quality Source
- Smart Pressure Control system

**Airless Sprayer Leading Manufacturer**

# Advantage

## Guaranteed Power Source

Famous high quality HONDA engine provide guaranteed power.

## Easy out manifold filter

Easy out manifold filter will reduce the tip clogs. The pump filter could be disassembled by hand easily.

## Quickchange System (GP8300/GP8300TX)

The pump is exceptionally durable and easy to install. The professional quick change system allows for the elimination of downtime by replacing the pump on the job.

## Durable Quality Source

The HVBAN pump is exceptionally durable and reliable. Equipped with Germany INA bearing, gear with level 5 grinding, USA leather packing etc Deliver superior reliability and life.

## Smart Pressure Control system

Advanced microprocessor control delivers a consistent spray fan at all spraying pressure.  
WatchDog Pump Protection System  
Automatically shuts down the pump when paint runs out.

Model	GP2700	GP6300	GP6300TX	GP8300	GP8300TX
Maximum Flow (L/min)	3.1	5	5	8.3	8.3
Maximum Working Pressure	23 MPa	23 MPa	23 MPa	23 MPa	23 MPa
